HM Principal Inspector
Wayne Crumpton

Dear Mr Kinder

HEALTH & SAFETY AT WORK ETC. ACT 1974

I refer to the meeting on 12 August 2009 at Balfour Beatty Construction Limited's site at Cumber Lane, Knowsley at which time I met Will Pope and Wayne Garrity.

The purpose of the meeting was to review your company's health & safety management systems. We did this by way of a presentation and I am very pleased to see the great efforts that you have invested in producing a robust h&s management system. Your commitment to improving h&s standards is clearly demonstrated by the level of training that you are providing your staff and your in-house health & safety advisers. I also note that you are adopting Balfour's Zero Harm campaign.

I did raise the issue of worker engagement and noise assessments and Will has responded positively on these two matters.

I have a duty to keep employees informed of the outcome of a visit and hence please bring this letter to their attention.

If you wish to discuss the above further then please let me know.

Yours sincerely

Kevin Jones
HM Inspector of Health & Safety
Construction, Merseyside & Cheshire
p.p. Ian Beaumont, Regional Operations Director, Balfour Beatty,
Dave Finney, Health & Safety Manager, Balfour Beatty
